INTERVIEW SUMMARY RECORD

Sir:

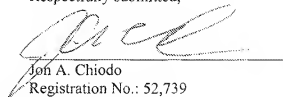

This Interview Summary Record is being filed to memorialize a conversation between the Applicant's Representative and the Examiner. On June 11, 2008, the Examiner issued an Office Action in the above-captioned application. The Office Action did not indicate that it was made final, however, the box on the Office Action Summary indicating that the action was final was checked. Applicant responded to the Office Action as if it was a final office action on July 31, 2008. However, Applicant noticed that the Document Description on the USPTO's PAIR system had been changed to "Amendment – After Non-Final Rejection".

Applicant's Representative discussed the status of the application with the Examiner during a telephone conference on September 4, 2008. The Examiner indicated that the June 11, 2008 Office Action was non-final. Applicant's Representative would like to thank the Examiner for her time and courtesy extended during this telephone conference.
